### ALMA MATER

On old Wheeling, fair old Wheeling,  
Alma Mater dear,  
Ours are hearts that fondly love thee,  
Here's a toast of cheer.

Chorus

Proud art thou in classic beauty,  
Of thy noble past,  
With thy watchwords, Honor, Duty,  
Long thy fame shall last.

# *WHEELING HIGH SCHOOL*

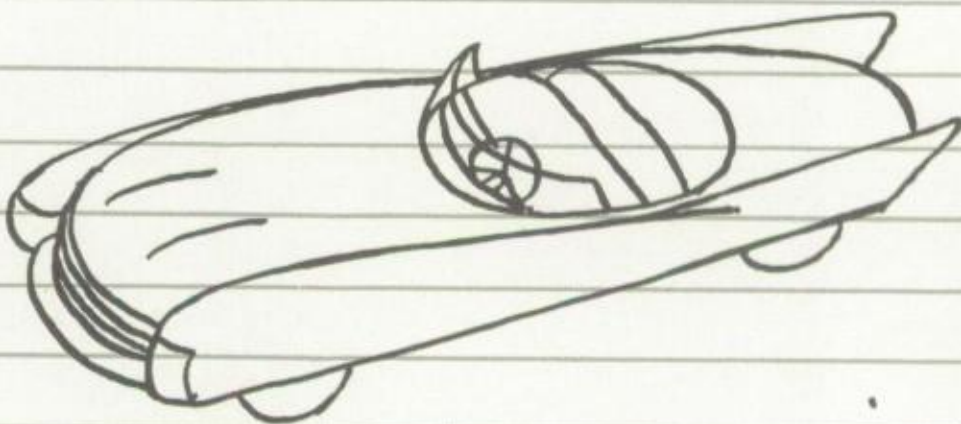

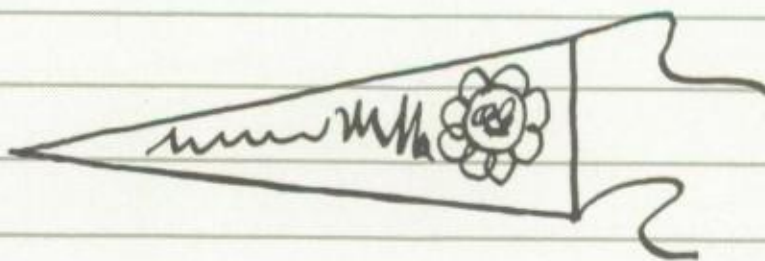

CECIL J. HOGAN  
1901-1960

We dedicate this volume of MEMORIES to Mr. Cecil J. Hogan, our former superintendent, with the utmost affection and respect. Each of us owed him something as he always gave something of himself to each of our endeavors. His leadership we hope shall live in us by the way we conduct our own affairs in the future.

## SENIOR CLASS WILL

I Dolores Albertson, will my good figure to Sharon McCollum, my hookshot to Rosemary Kinsella, my typing ability to Louise Nibarger, a pair of jeans from Gym class with a good snap to Linda DeVaul, and my diamond ring from Ron is mine all mine.

I, Fred Arthaud, will my ability not to fall out of my chair while sleeping to Ralph Canning, (Don't come as near falling out as I did, Ralph.) My ability to play basketball to Larry Condron, and my unused books to Lloyd Drake. Have fun studying, Lloyd!

I, Patsy Hatfield, will my ability to drive close to mail boxes to Judi Coburn, my giggling to Lenda Isaacs, my shortness to Linda Waite, and my ability to play volleyball to Rosemary Kinsella.

I, Sam Thorne, will my ability to make good grades to Larry Warren, my ability to play basketball to Ronald Frizzell, my hair and comb to anyone that wants it and everthing else I have I aim to keep.

I, Janice Head, will my intelligence and thinking ability to Joan Arthurnburn, (hope you do as well on the Ohio Physicological Test as I did) my sewing ability to Carolyn Nibarger, my basketball suit to Joyce Stevenson, and my 4-H Leadership ability to Sandra DeVaul.

I, Diane Albertson, will my ability to type and take shorthand to Joan Arthurnburn, my ability to get along with the boys to Lenda Isaacs, and my ability to tell people what I think of them to their face to Sue Condron. Nothing else, for I've got to have something to work on to keep out of trouble. Amen.

I, Wayne Seifert, will my ability to flirt, and make love to girls to Arthur Lamberson. My basketball suit to Raymond Posch, and my ability to tease and torment to anyone who can get more enjoyment out of it than I can.

I, Betty Jo McKiddy, will my love for sewing in Home Economics class to Linda DeVaul, my marked-up Citizenship book to anyone who can get more out of it than I did, my good language to Judi Coburn, and anything else I've got to anyone else that wants it.

I, Alice Troxel, will my ability to read library books in class to Larry DeWitt, My ability to fry hamburgers to Judi Coburn, and anything else I've got to anyone else that wants it.

I, Larry Arthaud, (Phone OL 9-3287 - for reference to all pretty girls) hereby will my lanky limbs to Ronald Frizzell; and my acting ability to Bobby Brenneman. I leave my basketball ability to brother Darrell, but stay away from the girls! They are too distracting! I'm keeping for myself my roving eye; I'll need that at M.U.

I, Ruth Anne McCollum, will my ability to go out with strange boys, to stay out all night, and to get into mischief to Joan Arthurnburn.

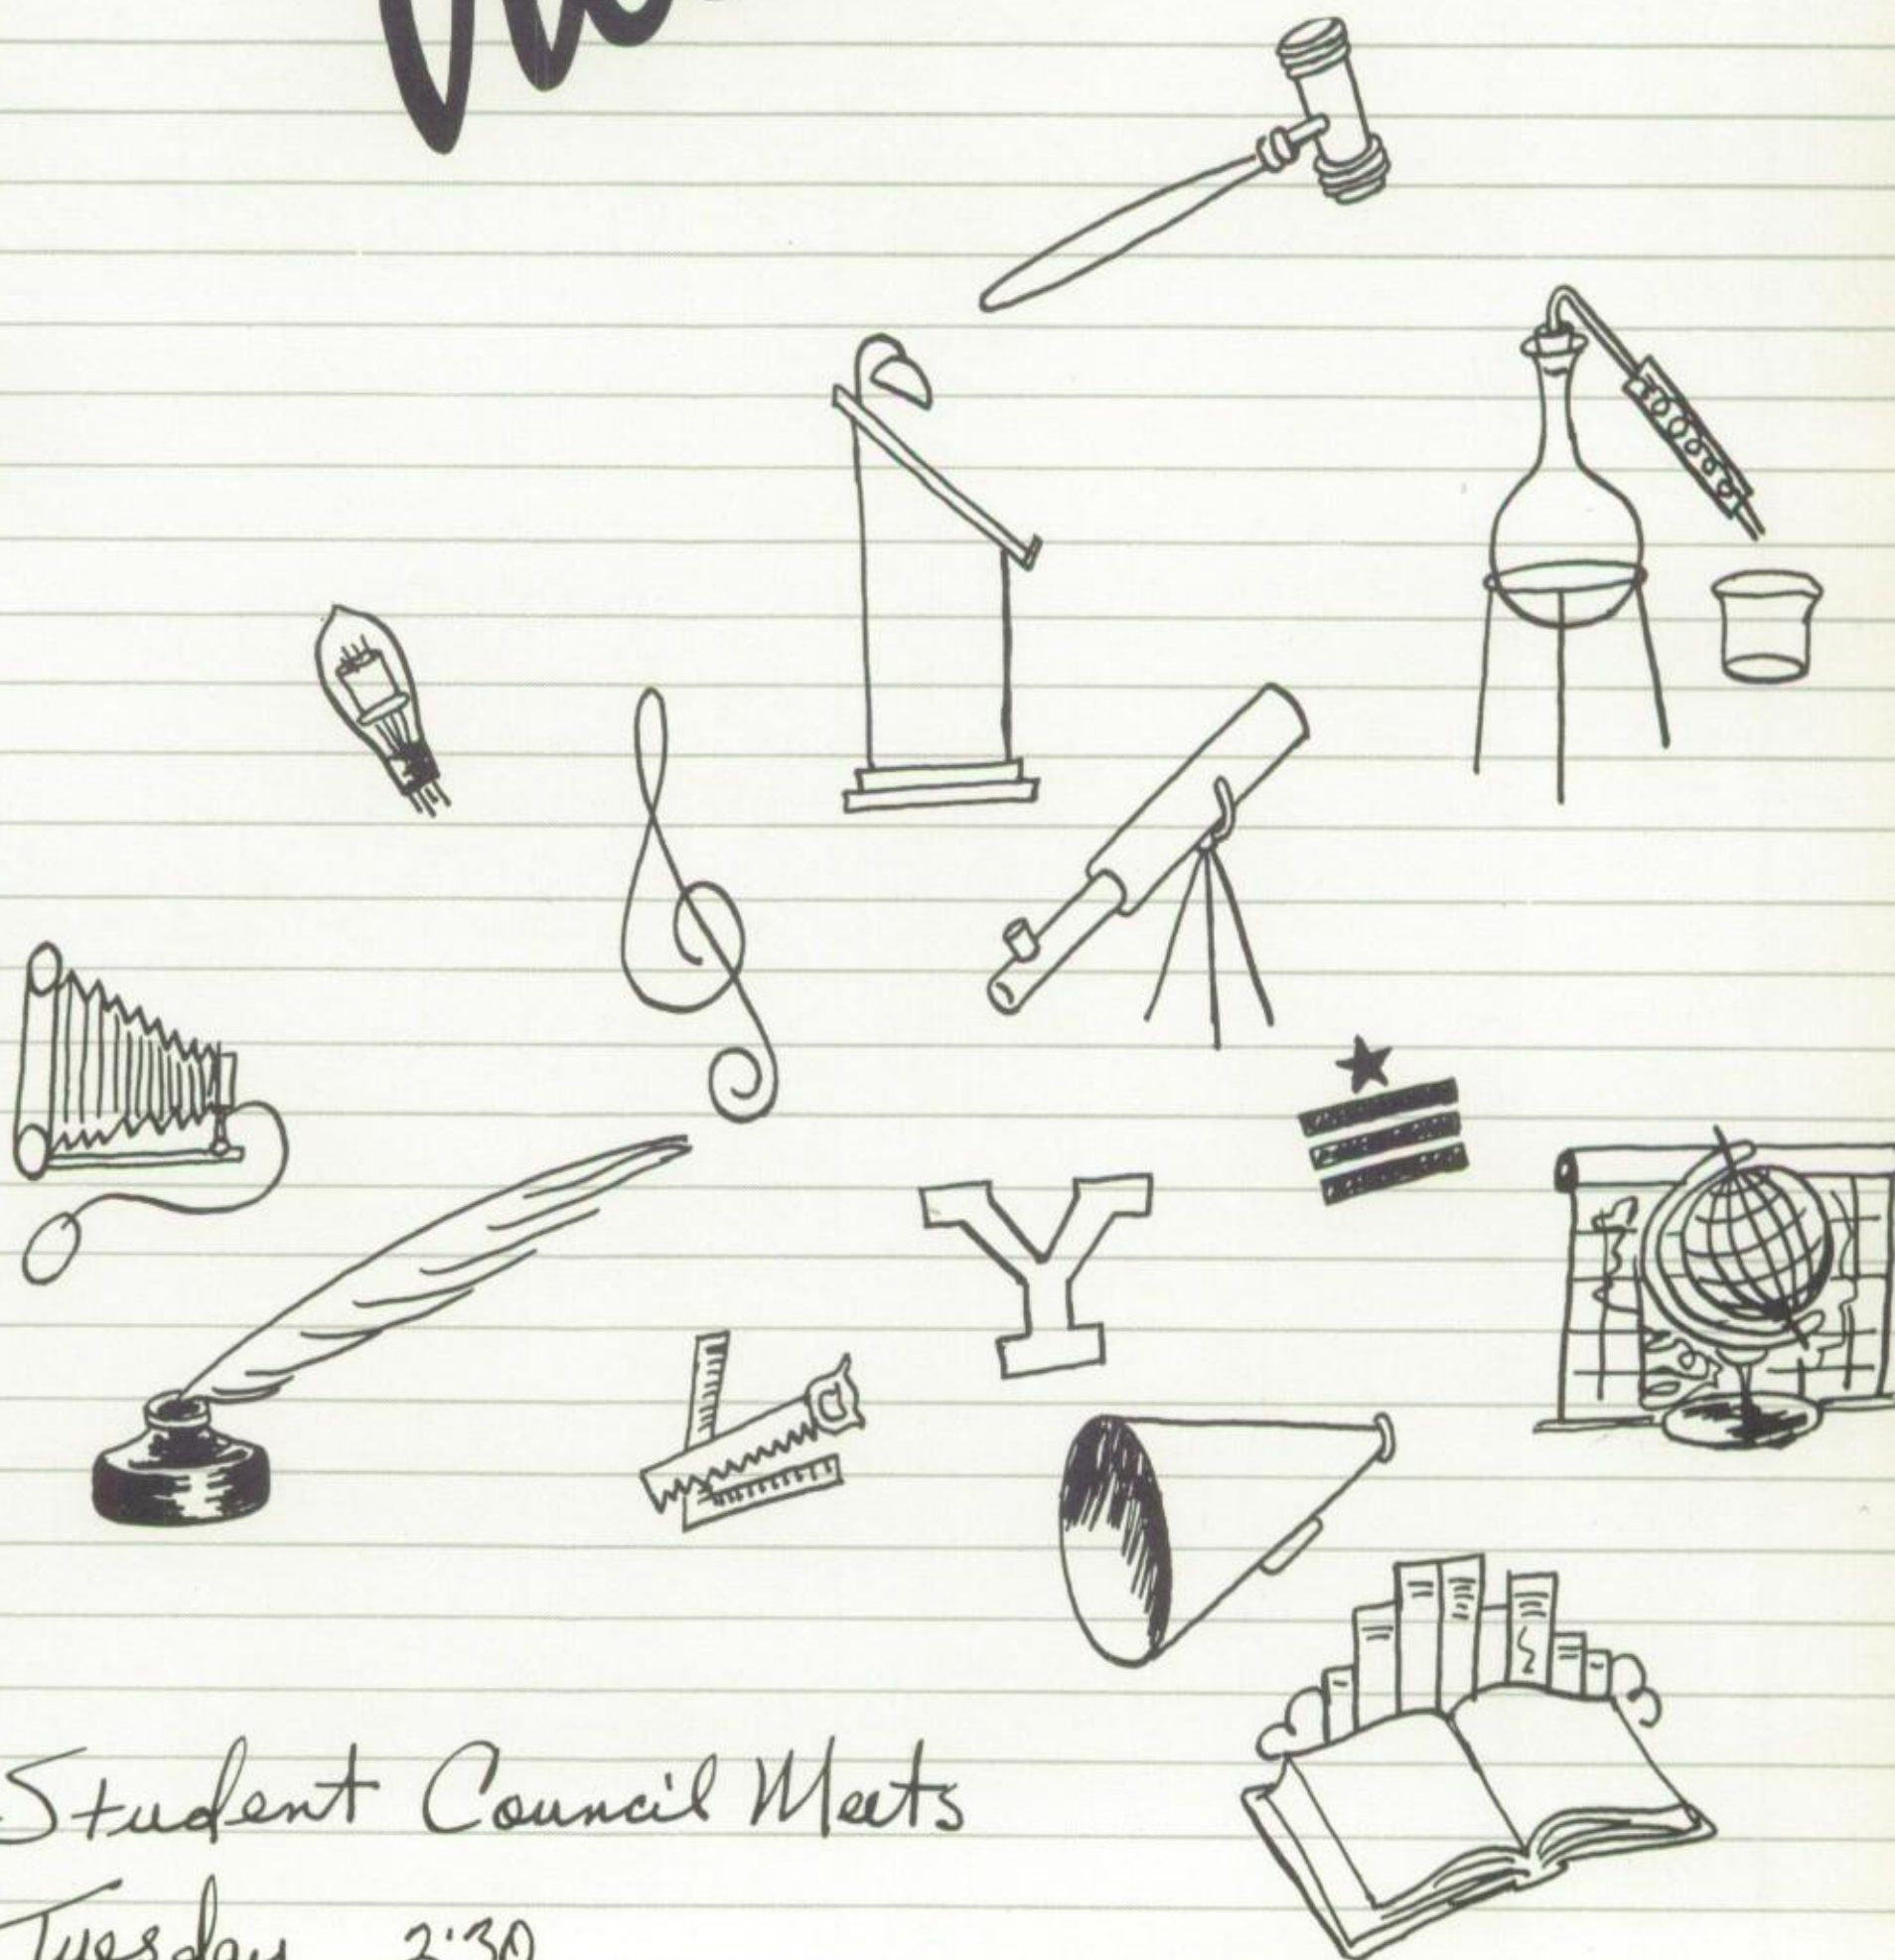

I, David McKiddy, will my ability to flirt and dance with girls to Arthur Lamberson, my ability to play basketball to Jimmy Coburn and my unused books to Dennis Albertson. Study hard, Den!

I, Illa McCracken, will my carhop job to Sharon McCollum, my ability to memorize poetry I will to Lloyd Drake. I will my mysterious ways to anyone who can understand them. I will my ambition to become a nurse to Lenda Isaacs.

I, Richard DeWitt, will and bequeath my automobile to John Heaton as my car will not go into orbit in its present condition. I will my casanova ways to Glen Wayne Allen. With the start he now has I'd hate to ruin anyone else with them. My studious habits I leave to Ralph Canning as he can do no less with more. I thought I would will my harem of girl friends to some of my old buddies, but as the moment came I can't bear to let them go. Guess I'll just take them with me.

## MAMA'S BABY BOY

MAMA'S BABY BOY by Charles George was the play presented on the evening of April 5, to an appreciative audience by the junior and senior class. In the play Janice Head, an attractive widow, nearing forty has her eighteen year-old son Fred Arthaud, dress and pose as a youth of fourteen so that she might pass as a younger woman and marry a widower, Larry Arthaud, whom she believes to be wealthy. In turn, the widower trying to appear younger, has his seventeen year-old daughter, Judy Coburn, pose as a girl of thirteen, so he might wed the widow, whom he believes to be rich. Neither the widower nor the widow has a cent. The situation leads to no end of amusing complications as each tries to conceal the real financial condition and the real ages of their offspring. The craze to appear youthful even spreads to the grandmother, Patsy Hatfield, the colored maid, Sharon McCollum, and the friends of the family played by Linda DeVaul, Diane Albertson, and Sam Thorne. Dolores Albertson as Larry Arthaud's sister finally brings the matter to a climax by revealing the true state of affairs. Wayne Seifert, as a real estate salesman, helps solve the financial dilemma, and all ends happily.

## JUNIOR AND SENIOR TRIP

On a warm and sunny April 27, 6:45 A.M. twenty students and six sponsors began the annual junior and senior trip.

Our destination was the Kalfran Lodge near the Grand Glaze Bridge at Osage Beach.

Our first stop was for breakfast at Reid's Cafe in Moberly. From there we proceeded to Columbia where we were conducted on a tour of the University campus. On to Jefferson City--after dining at the Holiday Inn with Mrs. Bush as our guest, we toured State Patrol Headquarters and the Capitol building.

Five o'clock in the evening was the time of our arrival at the Lodge, Supper being at 5:30 it left us little time to investigate our surroundings. The Governor, an excursion boat, was the setting for the evening's entertainment.

We went back to the Lodge where a weiner roast was held and where we danced while a brief rain left the air cold for the remainder of our stay.

Late to bed, early to rise, breakfast, and then to Osage Beach where we visited "Dog Patch" and shopped for souvenirs. On the way back to the Lodge some of us stopped to go horseback riding while the others visited points of interest. Lunch was at 12:30 and from then until 4:00 P.M. speed boats and other recreation became the interests of the day. Then we again went to Osage Beach to shop.

That night we went to the "Ozark Opry" which was to most the highlight of the trip. Again the latter part of the night was spent at a weiner roast and dancing.

The next morning we ate, packed, said our "good byes" and left at 9:30 A.M. after stopping at "Dog Patch" and Bagnell Dam.

During the day we took a bus tour of Fulton and Mexico, Missouri we ate a picnic dinner at Mexico, and visited the Mark Twain Memorial Shrine at Florida, Missouri.

A tired but happy crew arrived home at 6 P.M.

## JUNIOR AND SENIOR BANQUET

The juniors took the seniors on a "Hawaiian Cruise," May 5, 1961. Despite the wind and rain making the sailing rough, we anchored at Palmalee's Dining Room for our annual banquet and prom.

The dining room was decorated in a Hawaiian theme, complete with a lei for each person. The tables were decorated with antique hurricane lamps, flowers, programs, books, and nut cups.

Linda DeVaul was toastmistress. John Heaton gave the welcome, "Hawaiian Koma Mai," and the response, "Aloha, but Not Good-Bye," was given by Janice Head. The class prophecy was read by Judi Coburn and the senior will by Diane Albertson. In a lighter vein Ralph Canning told a few jokes, "Wind and Hurricanes."

Our menu consisted of orange juice, ham, mashed potatoes, buttered corn, green beans, combination salad, hot rolls, and sherbet.

After the banquet everyone enjoyed drinking punch and dancing. It was an enjoyable evening for all and it will be long remembered as the best and last social event of a pleasant and successful year.

## CLASS PROPHECY 1981

The members of the 1961 graduating class were all together for the first time since graduation. The picnic area was at the Hawaiian Islands.

The first to arrive at Waikiki was Ronald and Dolores Thorne. They and their children are very happy on their ranch in Montana. The children are spick and span from Dee's efficient housekeeping. Everything runs on schedule at the Thornes, even daily horseback rides, to view their farm, the biggest in the state.

Brother, Sam Thorne, was the next to arrive on the scene. Mr. Sam Thorne is now starring in the movie, "The Girl in Paris." It is a sensational hit in Hollywood. His pastimes, girls and sports, gets very little time anymore. The leading lady is none other than Connie Stevens, -----Wow!

Close to Hollywood fame is Mr. Wayne Seifert. Wayne is now retired from the Air Force. It was there he acquired world-wide fame. You see he was the first to land on the moon. In his retirement he is living the "Life of Riley." He is President of "Honeywell and Todd."

Now back home, Mrs. Ricki Nelson, the former Janice Head is now living in the great suburb of Beverly Hills. Our Home Ec. major is still practicing her knowledge. However each diaper gets harder to pin on!

Miss Ruth Anne McCollum is now at the height of her Air Force career. Oh---yes, you guessed it she's grown up 5 inches. Rumors have it Ruth Anne has met several available millionaires but still keeps waiting on Jerry to come through.

Hula! Hula! Who's here? Betty McKiddy the whirling storm of the Pacific comes drifting in as happy and carefree as always. Since she is happily married to a world traveler we are lucky that Betty was able to drift in our way today.

Our only salesman, Richard DeWitt, has made himself famous also. He has been quite a success at the career of selling belly button brushes. One advantage Richard says, "They aren't a least bit expensive and the lint you collect brings good money." No fooling Richard, we hope your career as a salesman turns out good.

Richard made one of his sales to the Executive of the Engineers of Moonbuilders, Larry Arthaud, whose latest hobby is collecting belly button fuzz. And knowing Larry he has a money making proposition behind it!

Miss Alice Troxel is the envy of the Pacific. She has converted the Sandwich Islands into an A & W Root Beer Stand. Some think that she left the mainland because of an incident which occurred in her restaurant. It happened this way: A customer complained that the hamburger seemed to have horse-meat in it. I don't know whether there was horse-meat or not but someone shouted, "Whoa!" and two customers choked to death.

Mrs. Paul Newman, the former Diane Albertson, is now employed in Wall Street in New York City. Due to both the Newmans having careers, they have very little time together. But you can bet on Diane always making out. Right--Diane?????????

Miss Patsy Hatfield has received her cap in St. Luke's Hospital. She is now working under one of her former Wheeling classmates, Dr. Fred Arthaud, M.D. They enjoy each others company very much--Eh, Fred?????????

Col. David McKiddy just arrived. At the time he looks kinda bunged up, due to an airplane accident over Pikes Peak. Although he has two very pretty nurses with him. He still isn't his carefree self. We have been informed that they accompanied him on the trip home. We also are led to believe that he reached the top of the peak for the first time in his life, of the mountain of course.

The former Miss Illa McCracken who is now married to Mr. Donald Nettles is living in Germany with her husband. Mr. and Mrs. Nettles plan to be the first married couple to go to the moon for Germany. Illa says if they succeed they will make their home up there. She also thinks this is the ideal place to raise her family of 3.

The last to arrive was Fred Arthaud. He traveled several miles coming from miles coming from the hospital in the tropics made famous by Tom Dooley. He is now conducting an experiment trying to find the reason animals sleep. Do they need a reason, Fred???
